To the customers of Jiffy-tite Company, Inc.

In 2009, Jiffy-tite decided to not renew their ISO14001:2004 external certification. Instead Jiffy-tite has contracted my firm to conduct an annual compliance audit of their Environmental Management System (EMS) to the standard.

On January 19, 2010 an ISO14001:2004 compliance audit was conducted at Jiffy-tite Company at their Walden Avenue facility. It was my conclusion from the audit that Jiffy-tite's EMS was in full compliance to the ISO14001:2004 standard. The next compliance audit is currently scheduled for 2011.

Additional information regarding the compliance audit may be requested in writing to the attention of the Quality Manager Jiffy-tite Company, Inc.

Very truly yours,

Peggy Murak
